

## **COVIDSafe public health guidelines – updated September 2021**

We can't wait to get the green light to open gardens again.

When visiting our open gardens please keep in mind:

- All our garden openings adhere to current Victorian COVID Guidelines.
- Tickets are available in hourly time slots. Please arrive at your chosen time, but you are free to enjoy the garden at your leisure.
- QR codes will be in place and hand sanitiser provided.
- Carry a mask at all times. If the current COVID restrictions require a mask to be worn at the time of the opening, please wear it.

Tickets are non-refundable unless the opening is cancelled.

Thank you for your assistance, respect for the environment and our safety.

Keep safe and enjoy!
